O R D E R

IT IS ORDERED that Professional Communications Management Services, Inc. ("PROCOM") shall file the original and ten copies of the following information with the Commission. The information requested shall be placed in a bound volume with each item tabbed.

The information requested herein is due no later than 30 days from the date of this Order. If the information cannot be provided by this date, PROCOM shall submit a motion for an extension of time stating the reason a delay is necessary and include a date by which the information can be furnished. Such motion will be considered by the Commission.

1. Has PROCOM or any of its affiliates ever provided, or collected any money from the public for, intrastate telecommunications services in Kentucky? If so, explain in detail.

2. Are PROCOM's operator services provider and underlying carrier certified in the Commonwealth of Kentucky? Explain in detail.

3. Refer to the original title sheet of your proposed tariff. Below "Resold Interchange Telecommunications Services," insert "Within the Commonwealth of Kentucky."

4. 807 KAR 5:006, Section 3, requires each utility to include its billing format or the contents of such a form in its tariff on file with the Commission. PROCOM should include this information in its proposed tariff.

5. In its proposed tariff, PROCOM should clarify its deposit policy.

6. Refer to Original Page No. 8, Section 2.22, of your proposed tariff. Delete the phrase "including without limitation" and include a phrase that refusal or termination of service will be pursuant to the provisions of 807 KAR 5:006, Section 14.

7. Refer to Original Page No. 9 of your proposed tariff. Delete Section 2.3.2 and insert this language at the end of Section 2.3:

Acceptance by the Commission of the liability provisions contained in this tariff does not constitute its determination that the limitation of liability imposed by the company should be upheld in a court of law, but the recognition that, as it is the duty of the courts to adjudicate negligence claims and rights to recover damages therefor, so it is the duty of the courts to determine the validity of the exculpatory provisions of this tariff.

8. Refer to Original Page No. 12 of your proposed tariff. In Section 2.5, delete the phrase "the priority system specified in" from the second and third line of the paragraph.

9. Refer to Original Page No. 13, Section 3.1. The last sentence of Section 3.1 should read "Charges cease when the point of termination of telecommunication usage is disconnected."

10. Refer to Original Page No. 13 of your proposed tariff. Section 3.2 should read "The Company's charges are not determined by distances between call serving centers."

11. Refer to Original Page No. 14 of your proposed tariff. Insert a new Section 3.4 describing the 800 Inbound Service tariffed in Section 4.3.2. Change the calling card service section to 3.5 and the operator service section to 3.6.

12. Refer to Original Page No. 15 of your proposed tariff. The last sentence in Section 4.2 should read, "If the computed charges are carried to the fourth decimal place, the number will be rounded down to the third decimal place."

13. Since PROCOM intends to resell tariffed services of facilities-based carriers, specify whether these services will be obtained from intrastate or interstate tariffs.

Done at Frankfort, Kentucky, this 7th day of April, 1993.
